

Seismic tomography studies of **SUPER VOLCANO** Toba on Sumatra showed that the **DEEP WATER MIGRATION** was the main trigger for the Largest **ERUPTIONS** in the Earth's history. **P. 6**

If we put the **EGGS** laid by the yellowish Baikal sculpin to an aquarium with a **MALE** ready to breed, his body begin to vibrate and evolve **REPRODUCTIVE PRODUCTS** even though the male does not see the object of his adoration – he reacts to the **SMELL**. **P. 24**
